- 6.** Greet your gals at the door and make them feel welcome! Plan to invite them over at least 30 minutes before you plan to get the video rolling. This will give everyone time to get comfortable and maybe meet a new friend!
- 7.** Use our playlist as background music.
- 8.** Set out the boxes for each woman (or remind them to bring the one they purchased), and pray over each one before they arrive.
- 9.** The retreat is designed to last 2.5 hours, from start to finish. You can allow extra time at the end for additional response time, if needed.
- 10.** Remember, the gals will need to use your oven to bake their earrings! Some other supplies to pull out include a rolling pin, pliers or tweezers, You may also want to ask a few of your women to bring these items as well.
